DETAILED ACTION

Election/Restrictions

Applicant's election of claims 1-18 in the reply filed on 9-14-06 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 19-22 directed to an invention non-elected without traverse. Accordingly, claims 19-22 have been cancelled.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 19-22.

Allowable Subject Matter

Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance. The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding a method comprising machining a hole in an integrated circuit with a scanning probe system and performing a circuit edit through the hole as recited in claim 1, and a method comprising forming a first trench in a semiconductor structure using a scanning probe and using the trench to perform a circuit edit, as recited in claim 10. Claims 2-9 are dependent upon claim 1 and claims 11-18 are dependent upon claim 10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
